OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 2 August 1972

1. (Unclassified - LLM) During the day talked several times with Mrs. Helen Lawson, in the office of Senator Henry Bellmon (R., Okla.), concerning final arrangements for the breakfast briefing at Headquarters tomorrow.

2. (Confidential - LLM) Mrs. Betty Raper, in the office of Senator Harry Byrd (Ind., Va.), asked if we could provide some assistance in getting her in touch with a responsible official concerning a noise problem created by a generator on Government land located [redacted] 25X1
[redacted] She explained that the Senator had received 25X1
complaints from individuals in that neighborhood and an inquiry from a [redacted] newspaper and that the only information she had gotten so far was that some kind of "super-secret" activity was involved. Subsequently, on the advice of [redacted] Director of Communications, and with the concurrence of Mr. Wattles, Assistant Deputy Director for Support, I referred Mrs. Raper to [redacted] 25X1
[redacted] (See 25X1
Memorandum for the Record.)

3. (Unclassified - JMM) Pat Holt, of the Senate Foreign Relations Committee, called to say they were trying to set up a computerized information storage and retrieval system and that two experts from the Rules Committee, which is the Senate body responsible in this area, were working with them. He said these two experts would like to consult someone familiar with the Agency's experience in such matters, since presumably the Agency had to handle somewhat the same variety of information available about foreign affairs that the Committee was interested in. I said I would try to find the proper person in the Agency and be back in touch. [redacted] is following up. 25X1

5. (Confidential - JMM) Called Roy Bullock, Staff Administrator of House Foreign Affairs Committee, regarding Representative Reid's request that the Chairman conduct public hearings on the foreign narcotics problem calling various witnesses including the Director. I reminded Bullock of the kind of problems this would create and he said we shouldn't worry unless Chairman Morgan called us, at which time we could take up the problem with him.

6. (Confidential - JMM) Called John Lehman, of the NSC staff, and explained that George Carver, SAVA, had received a personal call from Representative Paul McCloskey (R., Calif.) requesting that he and Representatives Riegle (R., Mich.), Gude (R., Md.), and Mosher (R., Ohio) would like a briefing on the geographic picture and transportation and morale situation in North Vietnam. I told Lehman that although we had briefed McCloskey and Riegle in the past, in view of this group's recent activities in connection with the peace movement we wanted to avoid them and refer them to State, with whom they had already been in touch. I said I wanted to be sure we had White House backing in our refusal. Lehman said "by all means."

7. (Confidential - JGO) [] [] OSR, to a meeting with Representative Sidney Yates (D., Ill.) concerning the costing of Soviet naval vessels. Representative Yates told us that he had received various papers from the Navy and DIA on this subject and is confused by the fact that they seemed unable to provide any unclassified information in the area. [] explained some of the background problems of sources and methods and general techniques used in such costing estimates. Mr. Yates requested, if possible, a brief outline, unclassified, of the necessary component parts of a Cresta class vessel that might be used for comparison with an American vessel. Such a paper would be in blind memorandum form and any use made of it would be without attribution to the Agency. Mr. Yates was most cordial and complimentary in his remarks about the Agency and its people. The meeting was also attended by Mr. Derrick Van der Shaftt, of the House Appropriations Committee staff.

After discussion I gave Miss Heisser a copy of Mr. Colby's letter to the Editor of Harper's. She was most appreciative. No further action is required.

10. (Confidential - JGO) Received a call from Mr. Jim Wilson, House Science and Astronautics Committee staff, who told me that Chairman Teague and he himself will be travelling to Holland, the Soviet Union, and France the last two weeks of this month visiting various space and scientific installations. He asked if a briefing could be provided for Mr. Teague and himself Wednesday, 9 August, 10:30 a.m., in Mr. Teague's office on Soviet space and related matters. After talking to Carl Duckett, DDS&T, the briefing was confirmed with Mr. Wilson.

I briefed Mr. Wilson on the failure of the Salyut space mission.

19. (Confidential - GLC) In a chance meeting in the Capitol, Mr. Rob Mosbacher, of Senator Howard Baker's (R., Tenn.) staff, mentioned that the Senator was interested in visiting the Agency some time soon but said this probably could not be done until after the Republican National Convention.
